## Request for Quote (RFQ)

### 1.0 Introduction

This Request for Quote (RFQ) is to solicit Open Market pricing for the purchase of the IT infrastructure listed below. This equipment will be integrated into a court-wide IT infrastructure system that is already in place and used on a continuous basis.

In order to facilitate support and maintenance requirements it is necessary to standardize this new equipment with equipment already installed in other courthouses throughout the district. For purposes of standardization and integration into existing management systems, items are requested by specific brands and model numbers (as specified below), however the court understands that model numbers may change based upon the vendor's cyclical upgrade schedule.

Vendor's quote should itemize the price for each item separately. If there are shipping costs, that amount should also be itemized as a separate item.
